

GYFA Meeting Minutes
6/10/12

Attendees: Jeff Rhinevault, Greg Hockert, Will Nelson, Francine Albright, Emiriana Shubert, Monique Liebelt, Becky Leontescu, Nicole Pelster and Peter Verdieck

Meeting is called to order at 6:05 p.m.

Jeff is extremely concerned because the numbers for players registered is very low. The board discussed at length how to go about drumming up players for our upcoming season. As a suggestion, the coaches could make phone calls to the players they coached last year. Another suggestion was for Francine to contact all the team moms and have them send out personal emails to each player on the teams from last year. Another idea would be to update the GYFA Facebook page and post information and pictures, then put a note on our website for folks to check out our facebook page. Jeff will work on getting the passcodes handed over to Nicole and Francine for the Facebook stuff.

Emiriana brought a list of things that needed attention in the Snack Shack! She will price items that need to be purchased and present that information at the next meeting. Also, everyone on the board is encouraged to stay after gear handouts and work on getting the snack shack cleaned up and ready to go for the upcoming season.

Becky read over the minutes from the May 20 meeting and Greg motioned to approve the minutes. Francine seconded the motion and the minutes were approved and will be posted on the website.

Francine will add the changes that Greg created to the existing GYFA by-laws and send them out for approval. Jeff will get Francine the by-laws in a word document so this can be done asap.

Francine said that the GYFA spirit bags are out due to the cost of purchasing such a large quantity. Also, we discussed the details surrounding the rummage sale at GHS on June 23. Francine will let Tricia from Sports Authority know that the coupon dates will be valid for the weekend prior to Gopher Camp.

It will also be suggested that parents purchase either black or Gresham blue socks and shirts for wearing with game day uniforms.

Nicole will get brushed up on Bonzai this week and be ready to go at registration. She will work closely with Peter and Jeff on this. Francine offered to help as well.

Monique informed us that all the referees passed their tests and are ready to go. Once the field schedule is available, she will be able to assign the refs their days and times to work. Also, she suggested we continue to use VIP Sports Photography for team and individual photos. The board voted as such.

Greg said that he should receive the sample uniform this week, and will for sure have it for approval by July 8 board meeting. He has sent everything over to be posted to the website and he is ready to start the season!!

Jeff spoke a little bit about the Mt. Hood Eruption team, which is similar to the Blackshirts. They are a not-for-profit league who supports veterans. He would like to try and get group discount tickets for their July 14 game at Mt. Hood.

With no further items to discuss, Jeff adjourned the meeting at 7:35 p.m.
